

Killing Without Heart: Limits on Robotic Warfare in an Age of Persistent Conflict (Hardback)

By M Shane Riza

Potomac Books Inc, United States, 2013. Hardback. Book Condition: New. New.. 231 x 155 mm. Language: English . Brand New Book. The days of large force-on-force engagements with conventional fielded armies are seemingly gone. Today persistent conflict, conducted among civilian populations and fought by small bands of combatants, will be remembered for this alteration in the tapestry of war and for the first large-scale use of unmanned vehicles. According to M. Shane Riza, this war among the people and the trend toward robotic warfare has outpaced deliberate thought and debate about the deep moral issues affecting justice and the warrior spirit. The pace of change, Riza explains, is revolutionizing warfare in vitally important ways. A key development is risk inversion, a shifting of risk away from technologically superior combatants and onto all noncombatants. For the first time in history, warriors are not the ones primarily shouldering the dangers and horrors of battle. This inversion and the search for impunity undermine the idea that how we win actually matters as much as winning itself. Though warfare involves human fallibility, there are ethics in striving that give meaning to war on a personal level. In just war theory, this sense of...

Reviews

This book is definitely worth acquiring. I have go through and so i am certain that i will likely to read through again again in the future. Its been printed in an exceptionally basic way in fact it is only after i finished reading this publication in which actually altered me, change the way in my opinion.

-- Andres Bashirian

Comprehensive guide for publication fanatics. This really is for all who statte there had not been a well worth reading through. I discovered this ebook from my dad and i encouraged this book to find out.

-- Lacy Goldner
