paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback Pages Number: 324 Language: Simplified Chinese Publisher: China Central Radio and TV University Press; 1st edition (March 1. 2011). Contents: project a safe and civilized production training task 1.1 CNC machine safety operation training 1.1.1 General Principles of safe production and safe operation of the routine maintenance and maintenance of the 1.1.2 civilized production 1.1.3 Training Report Task 1.2 CNC machine tools. routine maintenance and maintenance training 1.2.1 CNC machine tools 1.2.2 Training content and requirements Item 2 CNC lathe parts preparation 2.1.2 programmed in absolute coordinates and relative coordinates programming training 2.1.3 Training 2.1.1 clamping the workpiece and tool machining preparation before the training task 2.1 CNC lathe workpiece and the establishment of the coordinate system training NC machining program to prepare training 2.1.4 Training content and task 2.2 tool compensation training 2.2.1 Tool location and length compensation training 2.2.2 cutter radius compensation Training 2.2.3 Training content and requirements of the project 3 CNC lathes processing parts training task 3.1 ladder axis machining training 3.1.1 linear interpolation axial nesting training 3.1.2 linear interpolation with

Reviews

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).

-- Prof. Kirk Cruickshank DDS

This kind of book is every little thing and taught me to looking ahead of time and a lot more. I am quite late in start reading this one, but better then never. I found out this book from my dad and i encouraged this pdf to find out.
