Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Tilly wakes up in the dark, alone and very frightened. She finds she is in a strange room inexplicably furnished in 1940s style. However did she get here? Has she somehow slipped into the past? Has she been kidnapped? Of one thing she is absolutely certain, she has never seen this place in her life before. All in the Mind is a fascinating tale exploring the human capacity to overcome any obstacle, no matter how great, as long as you believe you can. Tilly is part of an experiment working on a cure for Alzheimer s disease. She and most of the other patients taking part in the experiment seem to make a full recovery, but there is a strange side effect. Tilly and her fellow experimental subjects appear to be getting younger. Can the same experiment be repeated for Tilly s beloved husband so that he can recover from a stroke? Tilly thinks it can and she will move heaven and earth to make sure it happens. A charming and thought-provoking story full of reminiscences of a bygone age, All in the Mind also deals with the dilemmas posed by new developments in a society whose culture is geared to the idea that the natural span of a human life is three-score years and ten.
