

Illustrated Encyclopaedia & Who's Who Of Princely States In Indian Sub-Continent

By J.C. Dua

Kaveri Books, 2010. Hardcover. Book Condition: New. 3rd edition. 22 X 27 cm. Ever since the Indian independence it has been normally understood that the Indian States and Estates which numbered six hundred on 15 August 1947 were the symbols of incompetence, oppression and vices. The States had a very peculiar status in the political theory which grew up in India in the 19th century. They did not form part of the British Indian Empire nor were they sovereign powers. The states were neither feudatories of the Government of India, nor protectorates, and nor merely allies either. The present publication contains the biographical sketches of the Princes and leading officials and non-officials of the erstwhile States and Estates of Indian sub-continent. The editor and the compiler intends to show that they symbolised progressiveness and also the conservators of Indian social and cultural traditions. Some of the states showed a zeal for welfare and progress that left the work, that was being attempted in British India far behind and people enjoyed benefits and privileges unknown in the British administered areas. Socially the states has certainly been more backward than British India, but the trends of the progress, through weaker, had been...

This book is definitely worth acquiring. I have gone through and so I am certain that I will likely to read through again and again in the future. It's been printed in an exceptionally basic way in fact it is only after I finished reading this publication in which actually altered me, change the way in my opinion.
