

Women's Rights and Religious Practice: Claims in Conflict (Women's Stud.)

By Boden, Alison L.

Palgrave Schol, Print UK. Hardcover. Book Condition: New. Dust Jacket Condition: No Dust Jacket. First Edition. Available Now. Book Description: Religious freedom is widely agreed to be a basic human right. So are women's rights , among others, to life, to freedom from torture or captivity, and to bodily integrity. Occasionally such rights claims come into conflict, with valid arguments made on each side for the importance of safeguarding religious integrity and for the dignity of women. Alison Boden analyzes the ways in which gender and religion so complicate the use of human rights rhetoric that it can become ineffective in resolving the standoff. Women's Rights and Religious Practice traces the impediments to a legal resolution and, comparing Islam, Hinduism, and Christianity, examines the variety and complexity of theological positions on women and equality. With a perspective that respects both women's rights and religious practices, the book analyzes arguments for accommodating ethical differences, for family privacy and religious authority, and for the wishes of the women involved. It concludes that, in many instances of such conflict, a resolution is to be found in changes to familial religious ideology rather than to rights legislation and enforcement. : About the Author: ALISON...

Reviews

This book is definitely worth acquiring. I have gone through and so I am certain that I will likely to read through again again in the future. Its been printed in an exceptionally basic way in fact it is only after I finished reading this publication in which actually altered me, change the way in my opinion.

-- Andres Bashirian

Comprehensive guide for publication fanatics. This really is for all who state there had not been a well worth reading through. I discovered this ebook from my dad and I encouraged this book to find out.
