Fulcrum Inc.,US. Paperback. Book Condition: new. BRAND NEW, Keepers of the Night: Native American Stories and Nocturnal Activities for Children, Michael J. Caduto, Night is more than just a period of time between sunset and sunrise. It is another world, fascinating and mysterious to children curious about the night and its nocturnal inhabitants. In Native cultures night is a crucial part of the Great Circle and balance in the universe, and "Keepers of the Night" features Native wisdom to help young people learn valuable lessons about the natural world. In the tradition of the best-selling "Keepers of the Earth" and "Keepers of the Animals," this book offers eight carefully selected Native North American stories. Field-tested, hands-on activities include nighttime observational activities and walks to teach sensory awareness, puppet shows to teach understanding of how nocturnal animals live, stargazing to understand constellations and the myths and legends surrounding them, campfire talks that relate a sense of being a part of the Great Circle, and traditional dances such as one to celebrate the bear, a symbol of courage to enjoy and learn their significance. Perfect for anyone teaching children about nature and the outdoors, "Keepers of the Night" offers unique ideas about understanding the natural world by looking at night".
