FORENSICS: COOL WOMEN WHO INVESTIGATE

[DOWNLOAD](#)

Nomad Press. Paperback. Book Condition: new. BRAND NEW, Forensics: Cool Women Who Investigate, Anita Yasuda, Allison Bruce, How do scientists solve mysteries? With forensics! Every crime scene contains forensic evidence that helps investigators discover exactly what happened. Forensics is the science of gathering and examining information about a past event, usually to solve a crime or legal problem. In Forensics: Cool Women Who Investigate, children ages 9 through 12 learn about this fascinating field and meet three women who are succeeding in their chosen profession of forensics. Christine Gabig-Prebyl is a forensic scientist with Douglas County Sheriff's Office, Krishna Patel is a Forensic Supervisor with the Torrance Police Department, and Jessica Frances Lam is a researcher at England's University of Leicester INTREPID Forensics Programme. Forensics combines high-interest content with links to online primary sources and essential questions that further expand kids' knowledge and understanding of a topic made popular by TV shows, movies, and books. Compelling stories of real-life forensic scientists provide role models that readers can look toward for examples of success. Nomad Press books in the Girls in Science series supply a bridge between girls' interests and their potential futures by investigating science careers and introducing women who have succeeded in science.
