Cambridge University Press, New Delhi, India, 2009. Paperback. Book Condition: New. First Edition. Studying English Literature is a unique guide for undergraduates beginning to study the discipline of literature and those who are thinking of doing so. Unlike books that provide a survey of literary history or non-subject specific manuals that offer rigid guidelines on how to write essays, Studying English Literature invites students to engage with the subjects history and theory whilst at the same time offering information about reading, researching and writing about literature within the context of a university. The book is practical yet not patronizing: for example, whilst the discussion of plagiarism provides clear guidelines on how not to commit this offence, it also considers the difficulties students experience finding their own voice when writing and provokes reflection on the value of originality and the concepts of adaptation, appropriation and intertextuality in literature. Above all, the book prizes the idea of argument rather than insisting upon formulaic essay plans, and gives many ways of finding something to say as you read and when you write, in chapters on Reading, Argument, Essays, Sentences and References. Contents 1. Introduction: 1.1 What this book is about 1.2 Some practicalities: how to use this book 1.3 Reading and writing in your life 1.4 A very brief history of writing and reading 1.5 What do novels know? 1.6 Literacy in contemporary society 1.7 Stories, narrative and identity Works cited 2. Reading: 2.1 Writing as reading? 2.2 A love of literature 2.3 The discipline of English 2.4 The new English student 2.5 Plagiarism: too complete a loss of self 2.6 How to read: ways of avoiding plagiarism 2.7 What to read 2.8 Some recommended websites Works cited 3. Argument: 3.1 Having something to say 3.2 Rethinking dialogue: Mikhail Mikhailovitch Bakhtin (18951975) 3.3...
