There are strange happenings going on at Dactyl, Inc., the world's first and only time travel tourism company. So strange that Joe, a tour guide, is promoted to the new position of Chief of Probes. His first probe: find out who's been traveling back in time and torturing his boss in rather disturbing ways. Joe finds himself catapulted from his dull life into a surreal journey where a blind hog-tying monkey is one of the sanest creatures he meets. Traveling through a past where the only thing that changes the present is death, while dealing with the fabric of space-time slowly unraveling, Joe stumbles into the middle of events that threaten both the Earth's future and past.
