Is it a 21st century epidemic or just a buzzword? Stress is a wide-ranging term that covers a lot of other emotions, and the fact is that while some people seem to be stressed with everything, plenty of others don't even recognise when they are seriously stressed. Most of us put too much pressure on ourselves to be perfect, to be pleasant, or to satisfy some handed-down beliefs about ourselves. This book includes advice from experts and recent research, as well as practical ways of dealing with stressful situations at home and at work. Its easy to read style shows you how to cope during circumstances of extreme stress and where to get help. There are plenty of self-help tips and ideas as well as suggestions for relaxation techniques and exercise to help you chill out.
