Standardized Minds: The High Price of Americas Testing Culture and What We Can Do to Change It

By Peter Sacks

Westview Publishing. Paperback. Book Condition: New. Paperback. 352 pages. Dimensions: 8.8in. x 5.9in. x 0.9in. We've been told time and time again that standardized tests aren't perfect but that they're the best tool we have for gauging aptitude and achievement. Is this really true? What are the flaws of such testing? Why is your father's occupation a better predictor of SAT scores than virtually any other factor? And, most important, what can we do to hold one another accountable to standards at all levels of schools and in the workplace? *Standardized Minds* dramatically shows how our unhealthy and enduring obsession with intelligence testing affects us all, from the day we enter kindergarten to the day we apply for that corporate job. Drawing creative solutions from the headlines and the frontlines, Sacks demonstrates proven alternatives to such testing and details a plan to make the American meritocracy legitimate and fair. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.

Reviews

This ebook is definitely worth getting. Yes, it is playful, still an interesting and amazing literature. I am delighted to inform you that here is the finest book I have gone through in my own daily life and may be the finest pdf for possibly.

-- Dr. Catherine Hickle

This pdf is definitely worth getting. I have read and I am sure that I will go to read once more yet again in the future. I discovered this pdf from my dad and I encouraged this book to find out.
