In *Private Wealth and Public Life*, historian Judith Sealander analyzes the role played by private philanthropic foundations in shaping public policy during the early years of this century. Focusing on foundation-sponsored attempts to influence policy in the areas of education, social welfare, and public health, she addresses significant misunderstandings about the place of philanthropic foundations in American life. Between 1903 and 1932, fewer than a dozen philanthropic organizations controlled most of the hundreds of millions of dollars given to various causes.
