Brand New Book ***** Print on Demand *****.The world of Fantastica is an enchanted magical land with politically social upheaval and racial divide. Two close friends, Shit and Dope, both of whom are from different origins and backgrounds, break the law of the land for partaking in the weeklong Pigshit festival. This special festival held annually for the peaceful common people and forest beasts that reside outside of the great city is disrupted by a military dispatch of cavalry troops dealing justice in the name of the cat emperor/demigod deity who has always ruled his provincial lands with an oppressive iron paw. This sets off the intricate chain of events that leads to the two friends being separated, and to individually embark on different paths of destiny. One is captured and taken into custody to be tried in a royal court of law. When the verdict is a life of servitude as a slave within the emperor s palace, he eventually escapes with the help of a talking rat, and then risks being recaptured because of an unlikely newfound infatuation. The other goes on the cliche of the QUEST with some other misfit friends to gather an army from the outlying unruled territories to take on the emperor s military might eternal reign. But first, he has to climb this massive mountain full of peril to attain a mysterious ancient power within a magically air suspended floating temple. This is FANTASTICA, the dark new age parody/satire/spoof series of the fiction/fantasy genre like no other before or after. Along with the comedic aspect in this first volume, there is also a sufficient amount of violence, sexually related themes, drug and alcohol abuse from some characters with...
