Urban Streetscape Design

By Petra Funk

Design Media Publishing Limited. Hardback. Book Condition: new. BRAND NEW, Urban Streetscape Design, Petra Funk, Streets are an important part of urban infrastructure. Streets are means of transport and connections to many places whether we walk, cycle use public transit or drive but they are also places in their own right, not just passages from one location to another. Streetscapes are the visual elements of a street including the road, open public spaces, the building fabric, trees, lighting, street furniture, signage and everything else that creates a street's identity. In other words, it's all that we see in the street - the complete scene. This volume includes chapters on the streetscape design, types and characteristics, streetscape elements and sustainable design followed by 33 projects from around the world.

Reviews

It in a single of my personal favorite pdf. It is one of the most awesome pdf we have read. I found out this book from my dad and i suggested this pdf to understand.

-- **Dr. Kaelyn Pfannerstill V**

This composed book is great. It really is basic but surprises from the fifty percent from the publication. Your way of life period is going to be convert when you total looking at this publication.
